

HYDI MAQOUSI

Research-Driven Operations Professional

Turning Complexity into Clarity

Greater New Orleans, LA (Remote | Open to Relocation)

321-263-1073 | hydimaqousi21@gmail.com

PROFESSIONAL SUMMARY

Research-driven operations professional with experience supporting higher education, healthcare, nonprofit administration, and laboratory operations. Skilled in operational analysis, process improvement, policy interpretation, cross-functional collaboration, enterprise systems, documentation, financial operations, compliance, and AI-assisted productivity. Recognized for transforming complex information into practical solutions that improve organizational effectiveness.

CORE COMPETENCIES

Operations Management • Business Analysis • Process Improvement • Workflow Optimization • Research & Investigation • Root Cause Analysis • Financial Operations • Compliance • Policy Interpretation • Stakeholder Management • Documentation • Project Coordination • Continuous Improvement • Salesforce • Workday • PeopleSoft • OnBase • Verint • Five9 • Microsoft 365

PROFESSIONAL HIGHLIGHTS

- Completed 3,000+ complex student support cases involving financial aid, billing, military education benefits, tuition assistance, and account research.
- Earned 146 student satisfaction surveys with consistent 5-star ratings.
- Managed 692 documented financial support engagements requiring analytical problem solving.
- Trained newly hired Financial Solution Advisors and shared operational best practices.
- Fluent in English and Arabic.

PROFESSIONAL EXPERIENCE

University of Maryland Global Campus (UMGC)

Financial Solution Advisor | January 2024 – Present

- Investigate complex financial aid, billing, military education, employer tuition assistance, and account scenarios across Salesforce, Workday, PeopleSoft, OnBase, Verint, and related systems.
- Interpret institutional procedures and federal regulations to support accurate, compliant decisions.
- Collaborate across Financial Aid, Registrar, Advising, Student Accounts, Admissions, and Military Education to resolve escalated cases.
- Analyze documentation, identify root causes, and recommend solutions that improve account resolution.
- Train new advisors, support policy implementation, document case activity, and contribute workflow improvement recommendations.
- Use AI-assisted productivity tools responsibly to improve research, organization, and communication while validating outputs.

Helping Hand for Relief and Development

Volunteer Executive Assistant | Feb 2023 – Oct 2023

- Supported executive leadership with operational coordination, reporting, scheduling, and project administration.

- Managed documentation for 5,000+ orphan sponsorship records and translated Arabic-English communications.
- Prepared executive reports and coordinated international humanitarian logistics.

Saxon Internal Medicine

Medical Receptionist | Oct 2023 – Jan 2024

- Coordinated front-office operations, scheduling, insurance verification, payments, and electronic medical records.
- Maintained documentation accuracy and patient confidentiality in a high-volume clinic.

DaVita Laboratories

Clinical Support I | Jan 2022 – Aug 2022

- Processed laboratory specimens while maintaining quality assurance, documentation accuracy, and compliance standards.
- Supported efficient laboratory workflow through accurate specimen routing and verification.
